

ABOUT MTCP

The Malaysian Technical Cooperation Programme (MTCP) was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Development Countries (TDTC). The programme forms a part of the commitment of the Malaysian Government towards the promotion of technical cooperation among developing countries, strengthening of regional and sub-regional cooperation, as well as nurturing collective self-reliance among developing countries. Annually, more than 100 MTCP Programmes offered by 79 MTCP Training Institutions, many of which are centres of excellence for training. Since its launching, more than 29,000 participants from more than 140 countries have benefited from the various programmes offered under the MTCP.

For more information on MTCP, please visit <http://www.mtcp.kln.gov.my>

OBJECTIVES OF MTCP

- Share development experience with other countries
- Strengthen bilateral relations between Malaysia and other developing countries
- Promote South-South Cooperation (SSC) and Technical Cooperation among Developing Countries

TNB Integrated Learning Solution – ILSAS is a premier technical training institute committed towards providing excellence in training and services. In line with that, ILSAS works with experts in the field of power utility engineering and a complete range of facilities. ILSAS is a wholly owned subsidiary of Tenaga Nasional Berhad, the largest power utility company in Malaysia.

As Malaysia's leading power utility trainer, ILSAS offers a broad range of specially tailored learning solutions that take knowing through its necessary next step: getting it done; by knowing what to do, how to do it, when best to do it, and doing it as its supposed to be done.

We do it with the latest teaching methods, a vast pool of qualified and experienced trainers, having access to effective training tools and high-investment environments, and in full accordance with global industry standards, technological and regulatory.
