

Thailand's Annual International Training Course (AITC)

Course Information

Forest-based Eco-tourism Management in Thailand: Harmonizing Local People and Forests in the Context of Sustainable Development Goals (SDGs)

(Priority for FEALAC Member Countries)

17 February-13 March 2018

Closing date for application : 5 January 2018

TICA : Thailand International Cooperation Agency is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

AITC : Annual International Training Course was initiated in 1991 as a framework in providing short-term training for developing partners. Today, the AITC remains one of TICA's flagship programmes. It offers not only a training experience, but also a platform in exchanging ideas and establishing professional network among participants from across the developing world. Aiming at sharing Thailand's best practices and experience to the world, the AITC training courses focus on development topics of our expertise currently categorized under five themes namely; "Sufficiency Economy Philosophy" or SEP, Food Security, Public Health, Climate Change, and Other topics related to Sustainable Development Goals (SDGs).

Royal Forest Department

Royal Forest Department, RFD, Ministry of Natural Resources and Environment (MoNRE) is tasked to monitor and promote forest conservation in Thailand, encourage community forest management, coordinate relevant research, and monitor wood industry. Promoting sustainable ecotourism has been among the department's prioritized mission. Through various projects implementation both at national and community levels, the department acquires a number of best practices and lessons learned in forest-based eco-tourism management and stands ready to share the experiences with the world.

AITC Theme : SDGs

This training course falls under the AITC theme – "Other topics related to Sustainable Development Goals (SDGs)". We believed that each SDGs is designed to address specific challenges that by nature have no boundaries. Therefore, all goals can be achieved through cooperation, be it a government or private, or capacity building or human resources development.
