

Thailand's Annual International Training Course (AITC)

Course Information

Sufficiency Economy Philosophy towards Sustainable Development

(Priority for CICA Member Countries)

5-16 March 2018

Closing date for application : 31 January 2018

TICA : Thailand International Cooperation Agency
is a national focal point for Thailand's international development cooperation. TICA was established in 2004 to realize Thailand's aspiration to be a contributor of development cooperation. Believing that global challenges are best addressed by international cooperation and global partnership, today we continue to strengthen our contribution to achieve global development agenda through various capacity-building and human resources development programmes. In response to the recent changes in the global landscape of development cooperation, especially through the concept of South-South and Triangular Cooperation, TICA continues to realign our focuses in order to deliver Thailand's commitment to be a relevant partner in global agendas including the 2030 Agenda for Sustainable Development.

AITC : Annual International Training Course
was initiated in 1991 as a framework in providing short-term training for developing partners. Today, the AITC remains one of TICA's flagship programmes. It offers not only a training experience, but also a platform in exchanging ideas and establishing professional network among participants from across the developing world. Aiming at sharing Thailand's best practices and experience to the world, the AITC training courses focus on development topics of our expertise currently categorized under five themes namely; "Sufficiency Economy Philosophy" or SEP, Food Security, Public Health, Climate Change, and Other topics related to Sustainable Development Goals (SDGs).

Burapha University

Burapha University was established in 1955 as Bangsaen Educational College and later in 1974 became Bangsaen Campus under Srinakharinwirot University. The University became an independent institution in 2008. Today, Burapha University has campuses in Chonburi, Chantaburi and Srakaew Provinces, and offers undergraduate and postgraduate programmes in Social Sciences, Health Sciences and Sciences and Technology.

AITC Theme : SEP

This training course falls under the AITC theme - "Sufficiency Economy Philosophy" or SEP. SEP is an approach for sustainable development which espouses moderation, reasonableness and prudence as development framework based on knowledge and virtue. The Philosophy stresses the importance of human development at all levels and also emphasizes the need to strengthen community's capacity to ensure a balanced way of life and resilience, with full respect for the environment. As an approach and mind-setting framework, we believe that SEP can be applied to all 17 SDGs. Therefore, over the recent years, Thailand has shared with international community the application of SEP, our home-grown approach to sustainable development.
