2. CURRICULUM

1) TITLE of Degree

These master's degree programs are designed to foster experts in the area of Urban Development and Policy. Upon completion of the required 30 credit hours and master's thesis, the degree will be granted. Two master's degrees are offered: 'Master of Urban Planning' and 'Master of Engineering (Urban Engineering Major)'.

A. Master of Urban Planning (MUP)

The curriculum on this major provides an understanding of urban problems and solutions in establishing urban policies. The aim of this degree is to train urban planners equipped with sufficient knowledge on the future trend of urban development. Special emphasis is placed on the application of IT technology and urban infrastructure.

B. Master of Engineering (Urban Engineering Major) (M.Eng)

The curriculum on this major provides an understanding of urban infrastructure and transportation technologies. The aim of this degree is to train urban engineers equipped with full knowledge on latest technologies such as smart city, big data and BIM.

2) Master of urban planning (MUP)

The major study areas of the degree of Master of Urban Planning are composed of (1) Urban Policy & Planning, (2) Urban Infrastructure and Transportation, and (3) Smart City.

III. TRAINING INSTITUTE

1. GENERAL INFORMATION

1) About Chung-Ang University (<http://neweng.cau.ac.kr/>)

- **Chung-Ang University** is a private institution with 30,000 students and 982 faculty members. It consists of 10 undergraduate colleges and 16 graduate schools. It operates two campuses, in Seoul and Anseong, Korea. Established in 1918, CAU has endured through the painful course of Korea's modern history, upholding its ideal of "Truth and Justice". Since then, CAU has taken a leading role in nurturing intellectuals of the nation. Respected as leading institution providing quality education, CAU has sped up the pace of innovation in local education.

Fully accredited by the Ministry of Education of Korea, CAU offers a wide range of bachelor's, master's and doctoral programs including a law school, global MBA programs and a medical school. Thanks to these schools' vibrant activities, CAU gained top recognition in the nation from the MEST for the last eight years. Furthermore, CAU is recognized as the nation's best in the fields of pharmacy, culture and art education. With the help of its schools of art and culture, the university stands at the center of the Korean culture wave, currently sweeping Asia and beyond. As a major private institution, Chung-Ang University is fully committed to guiding its Korean and international students to envision their life goals and achieve their maximum potential in the increasingly competitive global society.

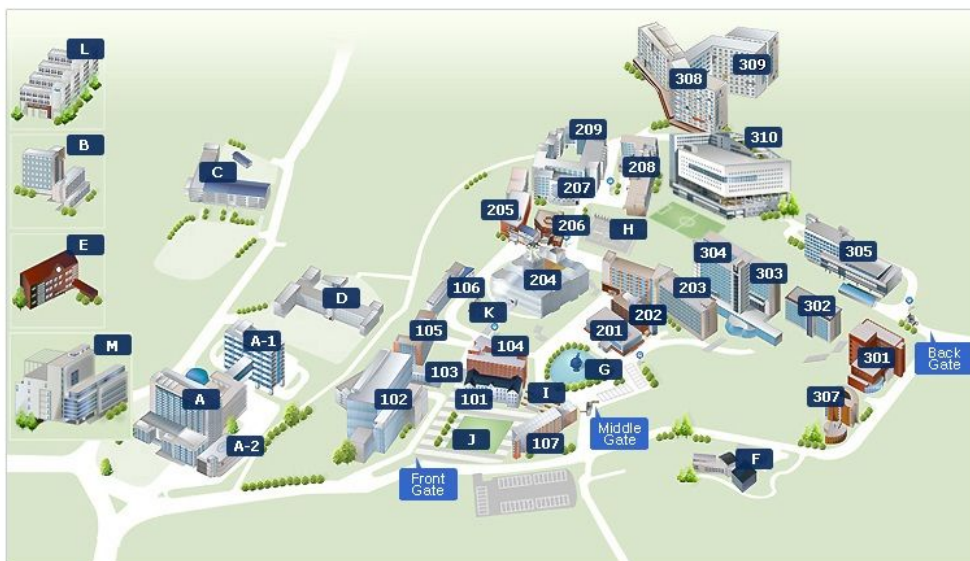

2) Graduate School of Chung-Ang University

- Chung-Ang University Graduate School was established in February 1953, currently operating graduate studies at 52 departments and at 15 interdisciplinary programs in 5 academic disciplines. The Graduate School concentrates all our capability to achieve the vision through the Substantiality of Education, Advancement of Research Capability, and Globalization in order to nurture world-

class practical leaders and scholars of the future who will contribute to the country and the society needs.

As research-oriented Graduate School in the global era, Chung-Ang University Graduate School along with Doosan Group (which was ranked 4th among the “world’s Best 40 Companies 2009” list) provides outstanding faculty and excellent educational environment and facilities so that you could grow to be the specialized expert and scholar.

2. ACCOMMODATION

1) Blue-Mir Hall

- The students will stay at the Blue-Mir Hall on campus, which is the most advanced and among the best university dormitories in Korea. Blue-Mir Hall was built using Mondrian abstract art that balances symmetry and order, surrounded by a small natural forested environment. The building is equipped with the state of the art air conditioning and heating system, wireless high-speed internet access, a large dining area, fitness center, cafe and a lounge.

- Living Conditions

Dormitory room with 2 bedrooms, double occupancy

(Single occupancy available with students' own extra payment)

The room includes (Private): A bed, a desk, a bookshelf, and a closet (per person)

Communal Area (Sharing): A restaurant, microwave ovens, study rooms, a computer lab, a TV, a laundry room, and a fitness center

- 2 Bedrooms (double occupancy)

- 1 Bedroom (single occupancy)

- Fitness center and laundry room

3. OTHER INFORMATION

1) Lecture Room

CAU Lecture Room (Bldg. 310)

Most of the lectures are to be held in the lecture rooms of Bldg. 310, which is newly opened in 2016. All the lecture rooms are equipped with A/V lecture aid facilities and air conditioning systems.

2) Dining on Campus

In addition to the two main restaurants in Blue-Mir Hall, mainly providing dining services for the dormitory residents, there more than 10 restaurants in the university. The prices of these restaurants are 2,800 ~ 10,000 KRW.

3) Library

The main library is located at the center of the university. It was renovated in 2009 and the size of the library reaches 14,258m² with a collection of 1 million volumes of books. The reading rooms of the library are opened 05:00~23:00.

4) Sport Facilities

Fitness Centers are located both in Bldg. 308 (for dormitory residents only) and Bldg. 305 (for general students). A soccer field and basketball courts are also in the university.

5) Other facilities

Other facilities in the university include a café, a book store, a postal office, a bakery, a stationary shop, a convenience store, a beauty shop, and a bank.

6) Health care service

Health care service is mainly provided by Chung-Ang University Hospital, which is only 5 minutes walking distance from the university. The hospital with over 870 sickbeds aims to attain One-Day & One-Stop Service with nation's best Thyroid Center, robotic surgery using the latest da Vinci Si, and latest RFID (radio-frequency identification) systems to increase efficiency. The students can have medical services from the hospital at a discounted rate.

The International Healthcare Service Center of Chung-Ang University Hospital provides the primary medical services for patients from overseas countries. It also provides such diverse services as medical counseling or protective inoculation for travelers. For patients who are in need of the specialized secondary medical service following the primary treatment, it provides the medical service by consulting the specialized clinical areas within the shortest time and thereby minimizing the waiting time.

The center provides the interpretation service for patients from overseas countries. It also provides the emergency interpretation service, via an Emergency Medical Information Center in Seoul (1339), for the convenient use of emergency medical center during night.

***Medical Information Center**

- The services are for all residents living in Korea so the initial call pickup will be done in Korean. If you request for English translation, a translator will be provided

(contact time needed).

During the switchover time, prerecorded music and Korean will be relayed over the phone.

- Wait patiently until the switchover and then you will be able to receive a step-by-step instruction in English on the required medical condition.

Your emergency call will be translated by a 3rd translating party between you and the professional medical staff. This service is not like 119, but is a hotline for a step-by-step process of dealing with sudden ailments that may not require an ambulance (although you can request an ambulance).

***119 Fire & Emergency Services**

- The 119 Emergency & SOS Service is similar to the American 911 service. In case of fire or a medical emergency call this number. The service will immediately send a fire truck or an ambulance to the required location. The service is for all residents, Korean and foreign, so the pickup will be done in Korean. If you request for English translation, a translator will be provided (contact time needed). Wait patiently until the switchover and then you will be able to inform the medical staff of the patient's condition and request a fire truck or an ambulance.
