

Swiss Government Excellence Scholarships for Foreign Scholars and Artists

«Will you be my supervisor?»

You are a professor at a Swiss academic institution. Foreign students and postgraduate researchers contact you to ask if you will act as their academic supervisor and host professor. The following information may be useful to you in deciding how to deal with such a request.

- The Federal Commission for Scholarships for Foreign Students FCS (abbreviated as ESKAS in German and CFBE in French) sincerely thanks all potential academic supervisors for attentively choosing their candidate for a Swiss Government Excellence Scholarship and for giving them careful support.

Scholarship applicants are looking for host professors

- All Swiss Government Excellence Scholarships are supervised by a professor. Therefore the first step in the application process for the scholarship candidate is to find a professor at a Swiss academic institution **willing to act as their supervisor** for the scholarship and support the research project.
- The FCS encourages candidates to find their supervisor on their own for their scholarship research project. There is no specific support offered in this bottom-up matching process.
- The supervisor **evaluates the academic suitability** of a candidate and **must endorse the research proposal** (including the time-frame), which is a central component of the application.
- The applicant has to reach an agreement with the supervisor. The **letter from the professor stating why she/he is willing to support and supervise** the PhD thesis or the (postdoctoral) research is a mandatory element of each application for a Swiss Government Excellence Scholarship.
- Without such support the scholarship application is not complete and will therefore be rejected.
- **The decision to act as academic supervisor or not is entirely up to you, of course.**

The academic supervisor:

A success factor and a role with responsibilities

- **If you agree** to act as an academic supervisor, you agree to supervise the scholarship holder during their whole research stay (12 months for research fellows and postdocs or 36 months for PhD scholarship holders). PhD thesis supervisors should do their utmost to ensure that adequate funding is available after the scholarship so that the thesis can be completed within a reasonable timeframe (1 or 2 additional years maximum).
- During the scholarship holder's stay in Switzerland, the Confederation together with the international relations office at your university and you as academic supervisor are responsible for them.
- As host professor **you agree to integrate the grantee into your team** and provide good research conditions (lab space and access to infrastructure). With consent of the FCS, a supplementary salary to the scholarship grant is possible up to a certain level.
- **Field research** is possible **for PhD scholarship holders only** and with accepted fieldwork request by FCS. No co-funding by FCS neither for fieldwork nor for attending conferences.
- Not accepted as academic supervisors for postdoctoral scholarship applicants are their previous PhD mentors and co-directors for the co-tutelle PhD at a Swiss university.
- **Major selection criteria** are the candidate's academic profile, their research capacity, and motivation plus the originality and methodological soundness of the research proposal as well as the quality and context of supervision and the potential for future academic cooperation. The FCS recommends that you **support 1 or 2 applicants per year only**.
- The Swiss Government Excellence Scholarships are prestigious and highly competitive. The expected success rate is around 15 to 20 percent.
- **A letter of sufficient scope from the host professor** should describe the research proposal, the relation to the candidate and possible future collaboration. A short CV from the host professor should be enclosed.
- Your thoughtfully drawn-up host letter **could be the decisive element in the scholarship application**.

Application procedure

- Yearly release of the call in August. Preparation of application and submission in autumn. Peer reviews of applications during winter. Selection and announcement of decision in spring. Swiss Government Excellence Scholarships run from 1st of September each year.

- Each year since 1961 the Swiss government has awarded **postgraduate scholarships** through the FCS to foreign scholars, now from over 180 countries. The following types of scholarships are offered: research fellowships, PhD- and Postdoc-scholarships as well as Fine Arts scholarships (for selected countries only).
- Swiss Government Excellence Scholarships are awarded for a period of **12 months**. Only PhD scholarships can be extended (up to 36 months at most). For PhDs lasting longer than 36 months the academic supervisors are expected to help organize a follow-up funding solution.
- Once the scholarship has come to an end, holders** are supposed to **return to their country of origin**. Finding employment in Switzerland after the end of the scholarship contradicts the intention of the Swiss Government Excellence Scholarship, which is to promote brain and talent circulation.
- For detailed eligibility and exclusion criteria please consult the information online** (see link below).

About the ...

Postgraduate scholarships

Swiss Government Excellence Scholarships

Through the Swiss Federal Commission for Scholarships for Foreign Students (FCS aka ESKAS, CFBE), the Swiss Government grants foreign researchers postgraduate scholarships at Swiss higher education institutions (Universities, Federal Institutes of Technology and Universities of Applied Sciences, Fine Arts and Music Schools).

The Swiss Government Excellence Scholarships are intended for highly motivated, competitive young researchers who have graduated from university (postgraduates). These scholarships will enable applicants to undertake research work in the fields in which the Swiss universities are particularly active.

Read the FCS webpage

For each country specific scholarship types are offered. Please go to the FCS webpage in order to see **which type of scholarship is offered to your country of origin**.

Click FCS website: www.sbf.admin.ch/scholarships_eng

Submit in your country of origin

Applications have to be submitted in the candidate's country of origin. All candidates for a Swiss Government Excellence Scholarship have to submit their application at the specified contact (normally the Swiss Embassy) responsible for their country of origin. Double citizen are free to choose the country of origin where they prefer to submit their application.

The applications have to be submitted for a preliminary selection to the national institution in charge and/or to the Swiss diplomatic representation in the applicant's country of origin. The Swiss diplomatic representation will then forward the pre-selected applications to the FCS for final selection. In case your current country of residence is not your country of origin please get in contact with the Swiss diplomatic representation in your country of origin.

Preconditions

Research interest

Research proposal

Applicants must have a clear research goal. Research fellowship, Postdoctoral scholarship as well as PhD scholarship candidates have to submit a complete research proposal (max. 5 pages), **using exclusively the FCS research proposal form** provided with the application package. **The research proposal is a central part of your application.** Please devote all the required attention to it and **submit only a signed document.**

Two separate procedures for PhD scholarship applications

For PhD applicants only – Please note!

The FCS application for a PhD scholarship and the application for admission by a Swiss university for a PhD study are two separate procedures. The admission to a PhD study at your chosen Swiss university is a *conditio sine qua non* for a potential attribution of a FCS scholarship – but not guarantee though for a positive decision by the Federal Commission for Scholarships FCS. It is the applicant's responsibility to manage both procedures in parallel.

Doctoral school or doctoral programme applicants

For doctoral school (aka doctoral programme) applicants: In addition to all other application documents (including the support letter from a supervisor), the admission letter from the doctoral school is required with the application dossier. If the chosen doctoral school does not allow you to contact a supervisor before being admitted to the doctoral school (doctoral programme), the application for the Swiss Government Excellence Scholarship is not possible.

As obtaining the admission to a doctoral school (doctoral programme) takes time applicants must plan accordingly and submit their application for admission to the doctoral school sufficiently in advance of the scholarship programme deadline.

Preconditions

Academic supervisor aka host professor

Academic supervisor

To have an eligible application package, each applicant wishing to undertake a research, PhD or a Postdoctoral scholarship must find a host professor in Switzerland willing to support and entitled to supervise their scholarship research project or PhD project.

A letter of invitation must imperatively be part of the application package. This is also valid for doctoral schools (doctoral programmes).

Failure to have an academic supervisor will result in the rejection of the application by the relevant national institution in the host country or by the Swiss diplomatic representation. An application without a host professor is not complete and will therefore be rejected.

Before contacting a host professor

Prepare yourself well before contacting a prospective host professor

Make sure that the prospective academic supervisor actually works in your field.

Be specific and furthermore make sure that you possess all of the competences required for the intended scientific collaboration. Find out, for instance, what requirements must be met in order to obtain a Master's degree at the university in question before contacting professors.

Note: Many professors receive numerous requests. Finding a professor who is willing to supervise you can be a major challenge. It can take several weeks or even months.

Some hint

Watch this video for some hint before contacting a supervising professor:

Scholarship types

**Go to the FCS
webpage in order
to see which type
of scholarship is
offered to your
country of origin**

Research Fellowships (12 months)

Intended for highly qualified postgraduate researchers from all academic fields.

- Master degree or equivalent achieved before 31 August 2019
- Date of birth after 31 December 1983
- A copy of the letter from an academic host professor (including her/his short CV) at the chosen Swiss university confirming why she/he is willing to supervise and support the research
- Research proposal including time frame

Co-tutelle de thèse

The scholarship is only valid for full-time PhD studies in Switzerland. It is not valid for mixed PhD programmes (part time in Switzerland and part time in another country).

PhD students with an ongoing or planned doctoral project that is carried out within the framework of a formalised agreement between two universities («co-tutelle de thèse» cooperation between a Swiss and a foreign university) and under the joint direction of two supervisors are eligible for a 12 month research fellowship only.

Scholarship types

Postgraduate scholarships

For doctoral school aka doctoral programmes * applicants

PhD Scholarships (12 months up to 36 months)

Intended for highly qualified PhD students from all academic fields.

- Master degree or equivalent achieved before 31 August 2019
- Date of birth after 31 December 1983
- A copy of the letter from an academic host professor entitled to supervise a PhD (including her/his short CV) at the chosen Swiss university confirming why she/he is willing to supervise and support the PhD thesis.
- Admission to the PhD studies by the academic host institution
- Research proposal including time frame
- In addition to all other application documents (including the support letter from a supervisor), the admission letter from the doctoral school is required with the application dossier. As this takes time applicants must plan accordingly and submit their application for admission to the doctoral school sufficiently in advance of the scholarship programme deadline.
- Please note: If the chosen doctoral school does not allow you to contact a supervisor before being admitted to the school, the application for the Swiss Government Excellence Scholarship is not possible.

*) There are basically two different ways to achieve a doctorate degree (aka PhD). The first and best known way consists in undertaking doctoral studies under the supervision of an academic mentor (supervisor). The second way consists in being admitted to a doctoral programme (aka doctoral school) which provides the framework for the following doctoral studies.

Prolongable

Fine Arts Scholarships

12 months up to 21 months **at most** (September – August/ January or May) depending on the Master programme chosen and the ECTS credits necessary.

Selection criteria

Important selection criteria

The 3 dimensions of selection criteria

The Swiss Government Excellence Scholarships are highly competitive. The following aspects of the application are considered mainly:

1) The candidate

Her/his academic profile, the research capacity and motivation.

2) The research proposal

Its originality and methodological soundness.

3) The academic context

The quality and context of supervision and the potential for future academic cooperation.

Strengthening cooperation

Longterm perspective

Candidates submitting their applications within the framework of a cooperation program between their academic home institution, where they are at the moment and/or where they accomplished their education, and the Swiss university/ institute have a certain priority.

Study location

Eligible host institutions

Swiss public academic institutions

The Swiss Government Scholarships are granted for research in one of the Swiss public universities, Federal Institutes of Technology, University of Applied Sciences or Schools of music and fine arts. The fine arts and music scholarships are granted for studies in the public music academies, as well as art and design schools.

Useful weblinks

Information on the universities, programmes, and professors can be obtained on the internet sites of the Swiss academic institutions, on the portal [swissuniversities](https://www.swissuniversities.ch).

Full time research only

The scholarship is valid only for full time research in Switzerland. It is not valid for on-the-job studies, part-time studies, correspondence courses or mixed programmes (part time in Switzerland and part time in another country). During their scholarship grant holders are resident in Switzerland.

Field work for PhD grant holders only

The scholarship is meant for conducting research in the Swiss host institution. For Research, PhD as well as Postdoctoral scholarships there is no fieldwork abroad of Switzerland possible during the scholarship period. PhD students working in an academic field where fieldwork is indispensable, they have to submit a request for acceptance of fieldwork indicating in advance the exact period and purpose. A support letter by the academic supervisor has to be enclosed. There is no additional financial support for fieldwork by FCS.

At max 12 months in Switzerland before start

Coming to Switzerland

This scholarship primarily offers an opportunity to scholars who have not already been to Switzerland. Therefore scholarship applicants who are in Switzerland since more than 1 year at the beginning of the scholarship will not be taken into account by the Swiss diplomatic representation. All others enclose their «Permis B» with their application.

Obligations

Living in Switzerland

Place of residence

Swiss Government Scholarship holders are expected to move to Switzerland during their grant period. The scholarship holders must be resident preferably in the city (in Switzerland) or in the Canton of their research/study institution. They must comply with the FCS instructions, regulations concerning the residence for foreigners in Switzerland and with the university/ art institution regulations.

No family allowances

Family and children

The FCS does not have the authority to decide on the possibility of bringing the family of the scholarship holder to Switzerland. This is left to the Federal and Cantonal Migration Offices, which at present deal with requests very restrictively. The scholarship amount covers the living costs of one person only. There are no additional family allowances.

Notifying FCS about other grants and other forms of financial support

Other grants

If you are awarded another additional scholarship or you receive other forms of financial support (such as income from teaching and research assistance, etc.) you are asked notifying the Federal Commission for Scholarships.

Financial matters

Grants

Scholarship amount

Research scholarship:	1'920.- Swiss Francs per month = 23'040.- CHF for 1 year
PhD scholarship:	1'920.- Swiss Francs per month = 23'040.- CHF for 1 year
Fine Arts scholarship:	1'920.- Swiss Francs per month = 23'040.- CHF for 1 year
Postdoctoral scholarship:	3'500.- Swiss Francs per month = 42'000.- CHF for 1 year

One-time allowance

All scholarship holders receive a one-time allowance of 300.- CHF for a rent deposit with the first grant payment.

Semester fees

Tuition fees and Master fees for artists

The FCS does not pay for tuition and/or semester fees. In some cases the universities and the Federal Institute of Technology do require scholarship holders to pay semester fees (generally around 600.- CHF per semester) or at least reduced tuition fees. In some cases the universities do not waive the PhD fees. In case the Universities and the Universities of Applied Sciences and Fine Art Schools should not waive the fees, it is up to the grantee to pay for the fees.

Insurance

Health insurance

According to the Swiss law, every resident in Switzerland must be covered by a Health Care Insurance (except for dental care). Usually, the worldwide scholarship holders are insured by the FCS. Please note, scholarship holders from EU and EFTA countries have to come with their European insurance card and pay themselves the relative expenses.

Financial matters

Europe

Travel expenses

Grantees from EU and EFTA member states pay for their own travel expenses to Switzerland as well as back to their country of origin.

Worldwide

Grantees from outside the European Union and the EFTA pay for their own travel expenses to Switzerland, but the FCS pays a return allowance (lump sum depending upon country of origin) for the ticket back to their country of origin at the end of the scholarship.

Allowance up to six month after the scholarship

Return allowance

However, the return allowance will not be paid if the scholarship holders extend their stay in Switzerland beyond six months after completion of their research, if they take up employment pending the continuation of their research or if they move to a third country.

No allowances

Conferences

Valid for all scholarship types: There are no allowances for international conferences.

Fieldwork for PhD grant holders only possible

Fieldwork

Once the scholarship is awarded PhD scholarship holders may submit a special request regarding their PhD thesis and the potentially necessary fieldwork. The scholarship may continue during the fieldwork up to six months. No additional financial support though is possible for fieldwork by FCS.

Finding your supervisor

Where to find

A prerequisite for the application

All Swiss Government Excellence Scholarships are supervised and supported by a professor. The first step in the application process for the scholarship candidate is to find a professor at a Swiss academic institution **willing to act as their academic supervisor** for the scholarship research project.

What should you do before contacting a potential academic supervisor?

Watch this: <https://www.youtube.com/watch?v=kp4NhgZ2T00>

The FCS encourages candidates to find their supervisor on their own. There is no specific support offered in this bottom-up matching process. It is each applicants own task. A support letter from a host professor is required in any case. This is valid for doctoral school (doctoral programme) PhD applications as well. If the chosen doctoral school does not allow you to contact a supervisor before being admitted to the school, the application for the Swiss Government Excellence Scholarship is not possible.

Understanding the role of academic supervisors

Professors reported to the FCS that they are frequently contacted by scholarship applicants asking for support. Therefore the FCS secretariat issued a leaflet explaining the role of an academic supervisor for a Swiss Government Excellence Scholarship holder.

The FCS recommends potential academic supervisors not to support more than 1 - 2 applicants per year. You find the leaflet «Will you be my supervisor?» enclosed in your application package. Feel free to use it when contacting your potential supervisor.
