

MALAYSIAN TECHNICAL COOPERATION PROGRAMME 2019 CBRNE - FIRST RESPONDER TRAINING PROGRAMME

16-25 July 2019

Organised by:

Southeast Asia Regional Centre for
Counter-Terrorism (SEARCT)

ABOUT MTCP:

The Malaysian Technical Cooperation Programme (MTCP) was first initiated at the First Commonwealth Heads of Government Regional Meeting (CHOGRM) for Asia Pacific Region in Sydney in February 1978. It was officially launched on 7 September 1980 at the 2nd CHOGRM in New Delhi, India, to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Developing Countries (TCD). In line with the spirit of South-South Cooperation, Malaysia through the MTCP shares its development experiences and expertise with other developing countries. Since its inception in 1980, more than 33,000 participants from 144 recipient countries have benefited from the various programmes offered under the MTCP. More information at MTCP website : www.mtcp.kln.gov.my

OBJECTIVES OF MTCP

- To share Malaysia's development experience with other countries;
- To strengthen bilateral relations between Malaysia and other developing countries;
- To promote South-South Cooperation (SSC); and Technical cooperation among developing countries
- To promote technical cooperation among developing countries (TCD)

ABOUT SEARCT:

Established on 1 July 2003, the Southeast Asia Regional Centre for Counter-Terrorism (SEARCT). The Centre's aim is to conduct research, capacity-building and public awareness programmes in countering terrorism. Since its inception, SEARCT has held various types of training courses, seminars, workshops, conferences, and forums, in collaboration with numerous countries, under seven (7) core areas, which are:

- (i) Investigation and Legal Aspects;
- (ii) Chemical, Biological, Radiological, Nuclear and Explosive (CBRNE) and Crisis Management;
- (iii) Aviation, Maritime and Transportation Security;
- (iv) Cyber Terrorism;
- (v) Prevention and Rehabilitation;
- (vi) Terrorism Financing; and
- (vii) Youth and Terrorism.

SEARCT conducts research activities in terrorism and counter-terrorism related issues such as Aviation Security, Youth and Terrorism, Internet Radicalisation and Cyber Security via field-work and academic exercises. The Centre has also

published articles and monographs, and is actively involved in delivering papers and lectures at the local, regional and international level.

SEMINAR BACKGROUND:

Terrorist groups have shown interest in acquiring CBRNE agents for their operations. This training programme will identify and expose the various methods and response when dealing with a CBRNE threat.

COURSE CONTENTS:

The programme will define a CBRNE terrorist incident and discuss the likely targets of terrorist attack. Moreover, the programme will present the type and characteristics of various CBRNE agents and its effect. The response structure in dealing with such threats will also be discussed.

COURSE OBJECTIVES:

- To provide the participants with the knowledge and understanding on the trends of terrorists utilising CBRNE agents;
- To prepare first responders to plan and respond to a CBRNE incident;
- To provide the participants with an avenue to exchange views, experience and possible solutions on how best to address the issue; and
- To provide the participants with the necessary tools to recommend to their respective governments on how to deal with CBRNE threats.

COURSE METHODOLOGY:

The programme will provide a series of lectures, group discussions and study visits. Representatives from each respective country will be required to present a 10-minute Country Report on the mechanism and practices in dealing with the CBRNE threat. The presentation should include the issues and responses of the country in handling the CBRNE threat.

WHO SHOULD ATTEND?
