MALAYSIAN TECHNICAL COOPERATION PROGRAM

The Malaysian Technical Cooperation Programme (MTCP) was first initiated at the First Commonwealth Heads of Government Regional Meeting (CHOGRM) for Asia Pacific Region in Sydney in February 1978. It was officially launched on 7 September 1980 at the 2nd CHOGRM in New Delhi, India, to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Developing Countries (TCDC). In line with the spirit of South-South Cooperation, Malaysia through the MTCP shares its development experiences and expertise with other developing countries. The MTCP was first formulated based on the belief that the development of a country depends on the quality of its human resources. The programme forms part of the commitment of the Malaysian Government towards the promotion of technical cooperation among developing countries, strengthening of regional and sub-regional cooperation, as well as nurturing collective self-reliance among developing countries.

The MTCP emphasises the development of human resources through the provision of training in various areas which are essential for a country's development such as public administration, good governance, health services, education, sustainable development, agriculture, poverty alleviation, investment promotion, ICT and banking. Since its inception in 1980, more than 33,000 participants from 144 recipient countries have benefited from the various programmes offered under the MTCP. More information at MTCP website: www.mtcp.kln.gov.my

OBJECTIVES OF MTCP

- To share development experience with other countries;
- To strengthen bilateral relations between Malaysia and other developing countries;
- To promote South-South Cooperation (SSC); and
- To promote technical cooperation among developing countries (TCDC).

ISLAMIC AND INDUSTRIAL GOOD PRACTICES IN MANUFACTURING OF HEALTHCARE, FOOD AND COSMETIC PRODUCTS

Good industrial manufacturing practices in healthcare, food and cosmetic products are now becoming more popular in the world. The global healthcare, food and beauty care industries estimated to reach more than USD265 billion in 2018. Increasing consumer preferences

towards HALALAN THOYYIBAN products are forcing the healthcare, food and cosmetic manufacturers to change strategies to meet customer demands across boundaries not necessary to only Muslim market.

Objectives of Training

The objectives of the program are mainly to provide the participants which are related to healthcare, food and cosmetic products a basic understanding of industrial good manufacturing practices in complying with related international and local guidelines and regulations meeting Islamic Syari'ah Law and Halalan Thoyyiban.

Course Content

Participants will be exposed to all the requirements for quality products and concept of industrial good manufacturing practices for food, healthcare and cosmetic products as a whole:

- To provide understanding on the requirement of industrial GMP and Syari'ah compliance (Halal requirements) for healthcare, food and cosmetic products.
- To increase awareness on pre-requisite requirements for healthcare, food and cosmetic products quality, safety, efficacy and purity according to Halalan Thoyyiban.
- To have a knowledge on performing industrial GMP through correct way of implementation of processing and the use of correct materials.
- To develop the capability of the participants in understanding and meeting Islamic requirements in food, healthcare and cosmetic formulation and manufacturing
- To develop the capability of the participants with basic technical knowledge in healthcare, food and cosmetic products science and modern processing.

Course Methodology

Includes classroom lectures, workshop, case study and group discussion, presentation and industrial visits.

TERMS AND CONDITIONS

Vaccination and Visa

Participants from some countries are required to take a mandatory vaccination for yellow fever at least 10 days prior to their departure to Malaysia. Yellow Fever certificate is required to be produced upon landing in Malaysia for countries as listed at the link below: <http://www.imi.gov.my/index.php/en/main-services/visa/visa-requirement-by-country.html>

All participants are required to enter Malaysia with Visa with Reference (VDR). Once the approval is obtained, the training institutions will send a copy of letter of approval to the participants. Subsequently, with the copy of the approval, the participants may get the VDR from the nearest Malaysian Missions. Wherever applicable, participants are advised to arrange for vaccination on their own prior to travel to Malaysia.

Expenditures on all visa-related fees, airport tax/airport user's charge, transit insurance, excess luggage, travel tax, transit fees, domestic passenger terminal fees, phone charges, private purchases, etc. are borne by the recipients. This also applies for vaccination before travel to Malaysia.

Course Fee

All course fees are borne by the Government of Malaysia.

Accommodation and Meals

Accommodation and food are provided. Participants are not allowed to change any arrangement done by the respective training institution.

Air Fares

A return flight ticket from the capital city of the MTCP recipient country to Kuala Lumpur on economy class is provided for participants.

Medical Treatment

Candidates must be certified that he/she is medically and physically fit to participate in this program. In the case of emergencies and in the need of medical treatment, the medical expenses in a government hospital will be borne by the Government of Malaysia. In case of admission in government hospitals, participants will be eligible for first class wards (two bedded or more). However, in private clinic or Medical Centre the medical expenses are on participant's own liability.

Manners

Participants shall conduct themselves at all times in a manner compatible with their responsibilities as MTCP participants and abide by the laws, rules and regulations as may be

stipulated by the host government in respect of this training course.
