20-28 JUNE 2020 SIRIM BERHAD, SELANGOR, MALAYSIA

MALAYSIAN TECHNICAL COOPERATION PROGRAM

The Malaysian Technical Cooperation Programme (MTCP) was initiated at the 1st Commonwealth Heads of Government Regional Meeting (CHOGRM) for Asia Pacific Region held in Sydney on February 1978. It was officially launched on 7th September 1980 at the 2nd CHOGRM in New Delhi, India, to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasises the development of human resources through the provision of training in various areas which is essential for a country's development. These areas include public administration, good governance, health services, education, sustainable development, agriculture, trade and investment, ICT and banking. Since its inception in 1980, more than 34,000 participants from 144 recipient countries have benefited from the various programmes offered under the MTCP.

More information at MTCP website:

https://mtcpcoms.kln.gov.my/mtcpcoms/online/about_mtcp

OBJECTIVES OF MTCP

- To share development experience with other countries;
- To strengthen bilateral relations between Malaysia and other developing countries;
- To promote South-South Cooperation (SSC); and
- To promote Technical Cooperation among Developing Countries (TCDC).

ABOUT SIRIM

SIRIM is a premier industrial research and technology organisation in Malaysia, wholly owned by the Ministry of Finance incorporated. By tapping into our expertise and knowledge base, we focus on developing new technologies and improvements in the manufacturing, technology and services sector enable business and enhance lives. Together with our industry partners, SIRIM has enable Malaysian products and services achieve due recognition in quality and innovativeness worldwide.

COURSE BACKGROUND

Within this Industry 4.0 (I4.0) era, most services and production of products are supported by IT applications. Regardless in which industry you are, you are not exempted from using IT applications within your systems. Therefore, it is crucial for organisations to manage these applications and its IT infrastructure systematically. It is very beneficial to all parties, to the service providers, to the organisations and to the customers to have the applications and/or the IT infrastructure to be certified against any good practice in the world to ensure that the applications and the IT infrastructure are managed and implemented in accordance. It is also crucial for the IT services to be continuously available and sufficiently protected from potential threats.

MTCP 2020: INFORMATION TECHNOLOGY – SERVICE MANAGEMENT SYSTEM AGAINST ISO/IEC 20000-1:2018

20-28 JUNE 2020 SIRIM BERHAD, SELANGOR, MALAYSIA
