

IoT Application in Agriculture

20 – 28 June 2020 | SIRIM Berhad, Shah Alam, Selangor MALAYSIA

The Malaysian Technical Cooperation Programme (MTCP) was first initiated at the First Commonwealth Heads of Government Regional Meeting (CHOGRM) for Asia Pacific Region in Sydney in February 1978. It was officially launched on 7 September 1980 at the 2nd CHOGRM in New Delhi, India, to signify Malaysia's commitment to South-South Cooperation, in particular Technical Cooperation among Developing Countries (TCDC).

The MTCP emphasises the development of human resources through the provision of training in various areas which are essential for a country's development such as public administration, good governance, health services, education, sustainable development, agriculture, trade and investment promotion, ICT and banking. Since its inception in 1980, more than 34,000 participants from 144 recipient countries have benefited from the various programmes offered under the MTCP. More information at MTCP website: <https://mtcpcoms.kln.gov.mv/mtcpcoms/online/list> course.

- 1) To share development experience with other countries;
- 2) To strengthen bilateral relations between Malaysia and other developing countries;
- 3) To promote South-South Cooperation (SSC); and
- 4) To promote Technical Cooperation among Developing Countries (TCDC).

ABOUT SIRIM

SIRIM is a premier industrial research and technology organisation in Malaysia wholly owned by the Ministry of Finance Incorporated. With over forty years of experience and expertise, SIRIM is mandated as the machinery for research and technology development and the national champion of quality. SIRIM has always played a major role in the development of the country's private sector. With its unique advantages in research and technology innovation, industry standards and quality, SIRIM offers specialised solutions to serve the needs of all industry sectors, making it the ideal technology partner for SMEs. By tapping into our expertise and knowledge base, we focus on developing new technologies and improvements in the manufacturing technology and services sector enable business and enhance lives. Together with our industry partners, SIRIM has enabled Malaysian products and services achieve due recognition in quality and innovativeness worldwide.

COURSE BACKGROUND

The Internet of Things (IoT) is an interaction between human and things to exchange information and knowledge for new value creation. With IoT, things can receive more data, we can control stuff, make things automated, make work faster and easy. However, in agriculture, the IoT has brought the greatest impact and has been a major force behind increased agricultural production at a lower cost. By using various smart agriculture gadgets, farmers have gained better control over the process of raising livestock and growing crops, making it more predictable and improving its efficiency.

COURSE OBJECTIVE

The objective of the program:

1. To get the participants familiarize themselves with IoT technology by developing a system that can monitor temperature, humidity and control heater/fan/lighting
2. To give solutions related to common problems in IoT technology (Example Device power consumption, protocol used for transferring data to internet)
3. To share knowledge in IoT technology deployment in agriculture

HOW TO APPLY

Application should be made using the prescribed MTCP forms available at: https://mtcpcoms.kln.gov.my/mtcpcoms/online/list_course

Submitted application form must be accompanied by the applicant's:

1. Copy of Passport (Every pages of passport)
2. Passport sized colored photo (3.5cm x 5 cm)
3. Full Medical Report

Please make sure that all required information given is completed and clearly stated.

1. Name as written in passport.
2. Your mobile no. as well as office/home telephone number.
3. Valid Email address
4. The latest of qualification.
5. Details of employment.
6. Reason to attend the course
7. TOEFL/IELTS certificates or similarly recognized English Languages qualifications.
8. Reason to attend the course.
9. Certificate of Medical Examination.
