Malaysian Technical Cooperation Programme (MTCP)

THE MALAYSIAN TECHNICAL COOPERATION PROGRAMME

The Malaysian Technical Cooperation Programme (MTCP) was officially launched on 7 September 1980 at the Commonwealth Heads of State Meeting in New Delhi, India, to signify Malaysia's commitment to the South-South Cooperation, in particular, the Technical Cooperation among Developing Countries (TDCD).

The MTCP emphasizes on the development of human resources through the provision of training in various areas which are essential for a country's development such as agriculture, economy, finance, public management and administration, science & technology and ICT, health diplomacy, safety and security including cyber security, cultural diplomacy, social development, environment-related to SDG2030, education, industrial and technical training. Annually, Malaysia offered more than 60 technical and capacity-building programs under the MTCP, which have benefited more than 35,500 participants from 144 countries.

OBJECTIVES OF MTCP

1. To share the development experience with other countries;
2. To strengthen bilateral relations between Malaysia and other developing countries;
3. To promote South-South Cooperation (SSC); and
4. To promote the technical cooperation among developing countries.

Centre for Instructor and Advanced Skill Training (CIAST)

Acronym for the Centre for Instructor and Advanced Skill Training. CIAST is the forefront institute in the Ministry of Human Resources and one of the leading organizations in development and enhancement trainers of skill training in Malaysia. The idea of CIAST was first mooted by the Malaysian Government in 1979. CIAST conducts various courses for participants from other vocational training institutes, domestic industries and international countries and this has been a tradition with the Ministry where human resources is the biggest and most important asset.

The centre offers courses in instructor training, supervisory training and advanced skill training for skills instructors, industrial supervisors and coaches and industrial skilled workers from the private and public sectors as well as international level. Training programs at the centre are conducted by experience instructors with various technical backgrounds. CIAST is located in Shah Alam, the state capital of Selangor which is also known as the 'Orchid City' of Malaysia. It is 25 km away or about half an hour drive from Kuala Lumpur, the capital of Malaysia and about one hour drive from Kuala Lumpur International Airport (KLIA).

Description and Course Outline

THE ARTS OF TVET TRAINERS

TVET is crucial because it prepares students to be ready for the workforce and involves hands-on competency. Therefore, TVET instructors must be equipped with the pedagogy to train these future skilled-employees. This requires an instructor to be well-equipped to train technical students. The course participants will be exposed to various methods to determine training requirements, course design, training activities, and training evaluation through lectures, practical work and discussions related to the course learning outcomes. This course includes pre-test, assignments, presentation/lesson practice (mock teaching) and post-test evaluation.

Target group

This course is developed for technical trainers, vocational training managers, officers, and lecturers of government institutions / departments related to the course being offered.
